

Snapshot of Ohio Help Wanted OnLine® Internship Ads

State of Ohio, JobsOhio Network

January, 2012

Summary

For the last 30-day The Conference Board reporting period (December 14 - January 13), there were **2,009** Help Wanted OnLine® (HWOL) ads posted for Internships. This is a decrease of 130 ads from the previous reporting period. Compared to the same time period a year ago, this reflects an increase of 584 ads. In addition, the graph below reflects monthly trends of new internship ads posted through January 13, 2012.

Education Ranges for Internships over the past month

Education Range for Ads Placed	Total Ads
Experience only	43.8%
Less than 4 year Degree, but more than High School	18.2%
4 Year Degree	32.5%
More than 4 year Degree	5.5%

The education information in this report is often not specified in the job ad, but is often derived from matches to Standard Occupational Classifications and the statistical educational requirements which correspond to these degree holding occupations. Although the skill and education levels may correspond to that needed on the job, the employer is often seeking college students, not graduates. For similar reasons, the pay levels are not specified in this report.

*OnLine® ads are new ads, without duplicates. Some ads may be in two or more occupation codes and counted more than once.

The information provided in this report is based on available information from electronic job posting boards known as The Conference Board Help Wanted OnLine® (HWOL) ads for the mid-monthly time frame. This is a snapshot in time and may not represent long term trends. Any of this data, including historical reports, may vary slightly over time, as minor revisions are continually made to this live database. An ad may appear in two counties, but may only be counted once at a higher level. This HWOL unduplication process often results in lower ad counts at higher geographic levels. This information should be used in conjunction with local labor market information to provide an overall analysis of current occupational demand.
