What is the Ohio LMI Mobile Application?

The Ohio Bureau of Labor Market Information created a mobile application to showcase its most frequently requested data. Nowadays, we rely on our mobile devices to access information promptly. The **Ohio LMI App** will make it easy for customers to navigate and visualize current and historical labor market statistics. The **Ohio LMI App** includes statistics on labor force estimates, payroll jobs, and the unemployment rates for Ohio, and Ohio's 88 counties and 12 Metropolitan Statistical Areas (MSAs). In addition, raw data will be available to be downloaded from the App. The **Ohio LMI App** will be a great tool during meetings to look at labor market information and trends without cumbersome webpage navigations.

To download: The OhioLMI application is available for personal iPhones and Android phones, by searching for **OhioLMI** on the App Store or Google Play, or downloading through one of the links below.
