The chart that follows presents the percentage of Ohio covered employment in each of the ten largest counties and all other counties combined. Ten of Ohio's 88 counties account for more than 60 percent of the state's covered employment.

Percentage of Second Quarter 2014 Employment - Ten Largest Counties

Comparability with Other Data. This quarterly data may not compare with the monthly data published in the *Labor Market Review*. Quarterly Census of Employment and Wages data are tabulated from reports of employment covered by Ohio Unemployment Compensation Law. The monthly data presented in the *Labor Market Review* are from a sample survey of employers and represent estimates of total employment in the nonagricultural wage and salary sectors.

Further Data. These data were compiled from quarterly reports for over 288,000 reporting units. Summary tabulations are published in preliminary form, for the second quarter of 2014, by industrial sector and county. They present average quarterly employment tabulations and second quarter payroll figures for each county in Ohio. Data for earlier periods or years and definitions of covered employment and payroll concepts are available upon request.
