The information provided in this report is based on available information from electronic job posting boards known as The Conference Board Help Wanted OnLine® (HWOL) ads for the mid-monthly time frame. This is a snapshot in time and may not represent long-term trends. Any of this data, including historical reports, may vary slightly over time, as minor revisions are continually made to this live database. An ad may appear in two counties, but may only be counted once at a higher level. This HWOL unduplication process often results in lower ad counts at higher geographic levels. This information should be used in conjunction with local labor market information to provide an overall analysis of current occupational demand.
