

## Comparison of Covered Employment for the City of Cleveland and Cuyahoga County First Quarter 2011

The Ohio Bureau of Labor Market Information, in cooperation with the U.S. Bureau of Labor Statistics (BLS), geocoded covered employment and wage data for the City of Cleveland and Cuyahoga County. First quarter 2011 data from the Quarterly Census of Employment and Wages (QCEW) program were used. A geocodable record contains a physical location address that can be assigned a longitude, latitude, and place code.

A table was published presenting first quarter 2011 employment and wage data for establishments identified as being in the City of Cleveland (place code = 16000). The geocoded data were further evaluated and maps were produced to show private ownership employment levels for each ZIP code in the City of Cleveland and Cuyahoga County. Three industrial sectors were selected for mapping at the ZIP code level: Manufacturing; Retail Trade; and Professional and Technical Services. Comparable data and maps for previous years can be viewed at: <https://ohiolmi.com/Home/QCEWpubs#c5>. Due to mapping software updates, a more accurate view of the City of Cleveland boundary is shown in maps from 2006 forward. Previously published maps included the total area covered by a ZIP code of which only part was included in the City. The current maps display only the portion of the ZIP code assigned the place code 16000.

The number of private sector establishments and average employment for both the City of Cleveland and Cuyahoga County are presented in the table below. Overall, the City of Cleveland accounts for 34.7 percent of the private sector employment in Cuyahoga County.

<b>Quarterly Census of Employment and Wages</b>				
<b>First Quarter 2011</b>				
<b>Industry Sector</b>	<b>City of Cleveland</b>		<b>Cuyahoga County</b>	
	<b>Establishments</b>	<b>Avg. Emp.</b>	<b>Establishments</b>	<b>Avg. Emp.</b>
<b>Total Private Sector</b>	<b>8,247</b>	<b>201,020</b>	<b>34,593</b>	<b>578,536</b>
Manufacturing	819	20,110	2,132	67,532
Retail Trade	1,016	10,162	4,350	60,308
Professional and Technical Services	1,148	17,713	4,480	41,950

The Manufacturing Sector comprises establishments engaged in the mechanical, physical, or chemical transformation of materials, substances, or components into new products. For the first quarter of 2011, the City of Cleveland had 819 Manufacturing establishments with an average monthly employment of 20,110. This represents 10.0% of all privately owned City employment. Manufacturing employment in Cuyahoga County is 11.7%, with 29.8% of it located within the City of Cleveland.

The Retail Trade Sector comprises establishments engaged in retailing merchandise, generally without transformation, and rendering services incidental to the sale of merchandise. For the City of Cleveland, 1,016 Retail Trade establishments with an average monthly employment of 10,162 were geocoded. That accounts for 5.1% of the City's private

employment. Cuyahoga County employment is 10.4% Retail Trade, with 16.9% of it located within the City.

The Professional and Technical Services Sector comprises establishments that specialize in performing professional, scientific, and technical activities for others. These activities require a high degree of expertise and training. The establishments in this sector specialize according to expertise and provide these services to clients in a variety of industries. The City of Cleveland has 1,148 establishments engaged in Professional and Technical Services, with an average monthly employment of 17,713. While 8.8% of privately owned City employment is in this Sector, only 7.3% of Cuyahoga County private employment is in this industry, with 42.2% of it within the City.

<b>Federal Government (d)</b>	<b>47</b>	<b>7,699</b>	<b>127,632</b>

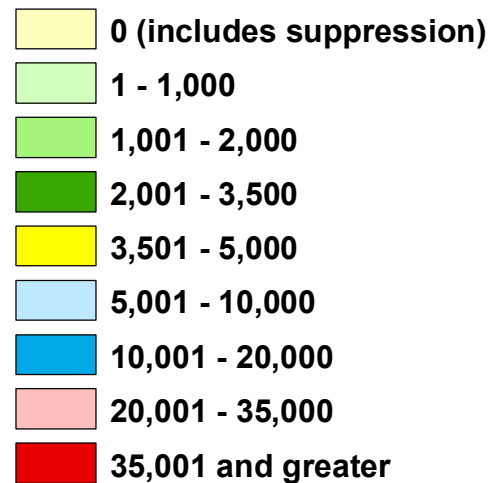

(a) The information presented above were those records identified as having the place code for the City of Cleveland (16000) and are based upon employers' reports for first quarter 2011 received in the Bureau of Labor Market Information through July 1, 2011. A geocodable record contains a physical location address that can be assigned a longitude, latitude and place code. Data for other cities will be published as geocodable information becomes available. (b) Summed totals and subtotals may not equal the sum of industrial divisions because of the exclusion of those industries with fewer than three employers or because of rounding. Includes the Private Sector and State Government entities, but excludes Federal Government agencies. (c) Effective first quarter 2004, local government school district information is collected at the worksite level. (d) Includes only Federal Government agencies.
